Self-check — Stakeholder Influence Mapping

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

#	Criterion	Evidences	✓
1	The grid has both axes labelled and all four quadrants named.	LU1	
2	Exactly 12 stakeholders are placed — 6 internal, 6 external.	LU1	
3	Each stakeholder has a stated position AND an underlying concern recorded.	LU1	
4	Every quadrant has an engagement approach written against it.	LU1	
5	The table can name one stakeholder they would have under-managed, and why.	LU1	

Debrief check

Every group can show a completed Power-Interest map with both internal and external stakeholders placed, and an engagement approach per quadrant that matches the stakeholder's real concern — not just their job title.
