Self-check — KPI Dashboard Design

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

#	Criterion	Evidences	✓
1	Three internal and three external KPIs are named and distinguished.	LU4	
2	Every KPI would change a Board decision if it moved.	LU4	
3	At least one KPI is walked through all five SMART letters with its break point named.	LU4	
4	Each KPI has a person as owner, a target, a source and a review date.	LU4	
5	A two-month-miss escalation is written.	LU4	
6	A five-minute, one-slide view exists for the founder.	LU4	

Debrief check

Every group can show 3 internal + 3 external KPIs, each SMART-tested with a named owner, target, data source and review deadline, and can explain what action a missed target would trigger.
