Self-check — PR Campaign Audit Exercise

Tick each item you have completed. Any blank is a gap to close before your group presents at the debrief.

#	Criterion	Evidences	✓
1	All four AMEC stages are defined and populated with real evidence from the arc.	LU4	
2	The weakest stage is named with evidence for why.	LU4	
3	The impressions/sentiment pattern is classified as Outputs success, Outcomes gap.	LU4	
4	The hesitant retail partner is placed at Impact.	LU4	
5	Three recommendations each fix a DIFFERENT stage.	LU4	
6	A repeatable cadence, owner and template are named.	LU4	

Debrief check

Every group can map the relaunch campaign to all four AMEC stages (Inputs, Outputs, Outcomes, Impact), name the weakest stage with evidence, and give three recommendations that each fix a different stage — not three versions of the same idea.

Feedback

What did you find hardest in this activity?

What is the ONE thing you will do differently at work?
